【Product Description】

The CE021 CU Power Cord is a high-quality EU standard power cable, designed for safe and efficient power transmission. It features H03VV-F 3C × 0.75 mm² conductors and a flexible PVC outer sheath, ensuring durability and stability for everyday use. Ideal for monitors, PCs, office equipment, and small household appliances.

【Tech Specs】

Technical Specification	Description
Model	CE021
Color	Black
Cable Type	H03VV-F
Plug Type	EU Type
Voltage Rating	300V
Cable Length	1.5m,1.8m,3m,5m
Wire Gauge	3C × 0.75mm ²
Outside Diameter"	6.0mm
Material	PVC

【Features】

- 1. EU Standard Power Cord:** Designed for European power outlets, ensuring compatibility with various devices.
- 2. Durable & Flexible:** PVC insulation and outer sheath provide enhanced safety, flexibility, and wear resistance.
- 3. Safe & Reliable:** Complies with Harmonized Standard (HAR) for stable power transmission.
- 4. Universal Compatibility:** Suitable for monitors, PCs, office equipment, and small appliances.

【Application Environment】

- 1. Workstations & Data Centers:** Ensures stable power connection in professional environments.
- 2. Low-Power Electronic Devices:** Designed for devices that require safe and efficient power input.

【Important Notice】

- 1. Inspect for Damage:** Periodically check for any signs of wear, cracks, or other damage to the plug and cable. Replace immediately if any issues are found to avoid potential hazards.
- 2. Avoid Moisture and High Temperatures:** For safe operation, keep the power cord away from water, moisture, and extreme heat, which could degrade the materials and performance.
- 3. Correct Usage and Handling:** Avoid bending or twisting the cable excessively to maintain longevity.
